*Holman short-cut!

There was a clandestine heat the day before, which rumor has it included Tong, Cackley, Salmon and Zawaski. The times and places may have been lost to posterity.

The Winter run will be this Saturday, Dec. 21 at 12:00 noon. A potluck will follow at 7135 N. Montana (same place as before--the residence of E. David, JoAnn, Liana and Nicolas). Bring whatever you think the potluck needs!

The earth will be maximally tilted in excess of 23 degrees to the north of it's axis at 2:08 p.m. (PST). A fitting toast will be held at that time to begin the potluck and welcome the lengthening days.
