29)	DEL SCHARFFENBERG	69:39*	
30)	CHARLA SCHARFFENBERG.	69:40*	FIFTH FEMALE

* Early start, same course, same day

Welcome to new runners. Welcome back to others. For the spring, 1992 run, we enjoyed lovely warm weather, mostly dry trails, flowers carpeting the park. The summer solstice run will be held at the date and local hour of the solstice, Saturday, June 20, at 7:14 AM.

Other Forest Park runs coming up soon include Red Fisher's Wild Cherry Ten Mile Trail Run on Sunday, April 5 at 8:00 AM (start at top of Birch Trail); cost is \$1.00. On April 18 at 10:00 AM there is a Clark County Track Club event which will be held neither in Clark County nor on a track. A 2-mile and 8-mile run both start in Lower MacLeay Park near the foot of the stairs. Cost is \$1.00 for nonmembers, or (in the best running bargain going) join Clark County Track Club for \$5.00 and run their numerous races free for a year.

Happy trails from Roy and Dale and Charla and Del

24) CHARLA SCHARFFENBERG (6:00 AM).	69:35	

* First time on course

Welcome to new runners and welcome back to people we haven't seen in a while and habitual greetings to the chronic group.

It was warm when we started our run and warmer when we finished and warmer still later in the day. The advent of a dozen seasons have been recognized by the staging of this event since we have recorded a time as fast as Red's this summer solstice.

Congratulations to the Wetzel family for locating the Rose Festival medallion, and for individual achievements including Seth's winning the state 800 m and 1500 m for the second consecutive year, and Karl's helping to guide the Trailblazers to an outstanding season.

The autumn equinox Mud Grand Prix will happen Tuesday, September 22, at 6:00 PM. See you then. Happy trails.

Charla and Del

* First time Mud GP Runner!

** First women!!

***This athlete ran Megan's Run, a 24-hour track run, three days before this event!!! Congratulations, Dennis!

The temperature for our run was more than 80°. The Wildwood Trail was in excellent condition. A dog on the trail ran fast. Del made cookies and runners ate them. We'll let you know about the winter solstice run as it approaches.

43) E David Granum76:00	

Welcome to new Mud Gran Prix runners, including Terry Downey; this was the first organized running event he's ever entered. Four groups of fathers and sons finished!: John and Mark Frey, John and Erik Robison, Dean and Noah Stroup and Karl and Seth Wetzel. Portland's had cold, icy, snowy, and rainy weather taking their turns in the last week or two, but the weather for our run was relatively mild and dry. Participants marked with an asterisk did not miss any of the four runs this year. K Wetzel, C Scharffenberg and R Larson accomplished this goal only by running and reporting course times near the actual race dates. There were so many people, we might start registering by lottery. Happy new year. Peace.
Del and Charla
